On January 3, 2018

The City of Rolla, in partnership with Missouri S&T, Phelps County Regional Medical Center, and the Missouri Department of Transportation, has kicked off the [Move Rolla Transportation Development District](#) (TDD) program. The five-year program will include several construction projects, including extending Highway 72 between U.S. 63 and I-44, building a new pedestrian bridge across I-44, and realigning University Drive and Bishop Avenue. Get details and updates on the transportation development district's website, [www.moverollatdd.com](http://www.moverollatdd.com).
